

Reading Borough Council is consulting on how some of the money that is collected from new developments should be spent within local areas.

Money for infrastructure is collected from new developments through the Community Infrastructure Levy (CIL). This is a charge based on the floorspace of new developments. The law states that 15% of the money collected must be spent on infrastructure in the local area in which the development takes place. This consultation asks for your views on how this share of the money collected in your local area should be spent.

In Church Ward there are 3 areas we would like to see money spent and you can help this by completing the survey.

1. Zebra crossing on Whitley Wood Road for Ridgeway School pupils. (Item B)
2. 20mph zone and zebra crossing on Northumberland Avenue by Reading Girls School (Item C)
3. Upgrading facilities in the Shinfield Rec Park (Item S)

The Consultation can be found on the below link:

<https://consult.reading.gov.uk/dens/consultation-on-allocation-of-the-neighbourhood-po/consultation/>

Click **Online Survey** and then **South** as well as adding **Your Details**.

The deadline to complete the survey is **September 14<sup>th</sup>**.
